### **Syntactic parsing Oxford Handbooks**

A crucial part of understanding a sentence is to construct its syntactic structure. Without this, it would be very difficult for language users to determine that sentence with different word orders. The processes involved in constructing syntactic structures during language comprehension are commonly referred to as parsing or syntactic processing.

### **Psycholinguistics Parsing Wikiversity**

Parsing is the assignment of the words in a sentence to their appropriate linguistic categories to allow understanding of what is being conveyed by the speaker. It is not simply the assignment of words to simple diagrams or categories, but also involves evaluating the meaning of a sentence according
