How to Maintain a Water Supply in Emergency Situations

How-to Maintain a Water Supply in Emergency Situations. In a civil emergency or the aftermath of a severe weather event, the municipal water supply could become polluted or otherwise unusable. Even if you have a well, you need electricity in order to pump the water. It is a good idea to plan for an emergency drinking water supply for your household. Establishing an emergency water supply requires just a little planning and some inexpensive supplies, but the peace of mind that it provides is
